

Keeping you informed on the COVID-19 vaccine

Dear health care partners,

We value your partnership and strive to serve you and the millions of patients who rely on us for their health care coverage during these difficult times.

As part of the CVS Health® family, we have the latest information about vaccine rollout and administration. We're committed to sharing with you the information as we get it so you can fully support your Aetna® patients.

Increasing vaccine adoption

Together, we can help patients who are uncertain about the vaccine. Discover strategies you can use to address vaccine uncertainty in our [Understanding and Overcoming Vaccine Hesitancy](#) white paper.

Covering vaccine costs

For your Commercial and Medicaid members, Aetna will cover COVID-19 vaccine administration fees without cost-sharing, for both in- and out-of-network providers. CMS will cover the vaccine and administration for all Medicare beneficiaries, including those in a Medicare Advantage plan. At this time, Aetna covers all COVID-19 vaccines authorized by the U.S. Food and Drug Administration (FDA).

Let's help roll out the vaccine

As CVS Health prepares for the massive rollout of the vaccine, we're looking to fill thousands of pharmacist, pharmacy technicians, and nurse positions on our COVID-19 Vaccine Support team. If you know of someone whose employment has been affected by the pandemic, please refer them to our [CVS Health talent acquisition page](#).

[CAQH](#)

Aetna is the brand name used for products and services provided by one or more of the Aetna group of companies, including Aetna Life Insurance Company and its affiliates (Aetna).

Aetna®, CVS Pharmacy®, HealthHUB® and MinuteClinic, LLC (which either operates or provides certain management support services to MinuteClinic®-branded walk-in clinics) are part of the CVS Health® family of companies. Health information programs provide general health information and are not a substitute for diagnosis or treatment by a health care professional.
